

giving community

What unites **us at Illinois CancerCare**? It's not just our commitment to exploring the latest advancements in cancer treatment or ensuring that every patient can access the highest-quality care close to home. It's also our pledge that no one in central Illinois should ever battle cancer alone. Living up to these promises requires more than talented physicians, clinicians, nurses and researchers. It also takes a community of supporters — people like you who believe in our mission and give generously to advance it. Every gift, no matter the size or the type, keeps hope alive for local families coping with a cancer diagnosis.

DEAR FRIENDS IN THE FIGHT,

What can we say about 2020 that hasn't already been said? Challenging. Exhausting. Unprecedented. Certainly, the requirements of social isolation and distancing, especially for those with weakened immune systems, ran counter to our philosophy of enveloping patients in care and kindness. Illinois CancerCare without hugs, hand-holding and homemade cookies just isn't the Illinois CancerCare so many local families know and love.

Yet looking back, 2020 was also a year that revealed the strength of our Illinois CancerCare community. Though we couldn't gather in person, we found other ways to come together. Our healthcare team didn't just administer treatment; they stepped in as a support system for patients forced to attend appointments alone. Volunteers got creative to give of their time and talents. Event planners and participants sought new opportunities to put the "fun" in fundraising.

And our donors — how can we ever thank you? 2020 was also a difficult year economically for so many, yet you kept the financial contributions to the Foundation coming. That's so important, because although the pandemic put a stop to many things, it didn't stop cancer. If anything, the need for the support the Foundation provides was only amplified.

That's why we've chosen to dedicate our 2020 annual report to the community of giving that sustains us. The people you'll read about on the following pages account for just a tiny fraction of our donors, but they represent the best of what's found in all of you — compassion, creativity and an indomitable will to fight this disease that touches us all.

WITH OUR APPRECIATION,

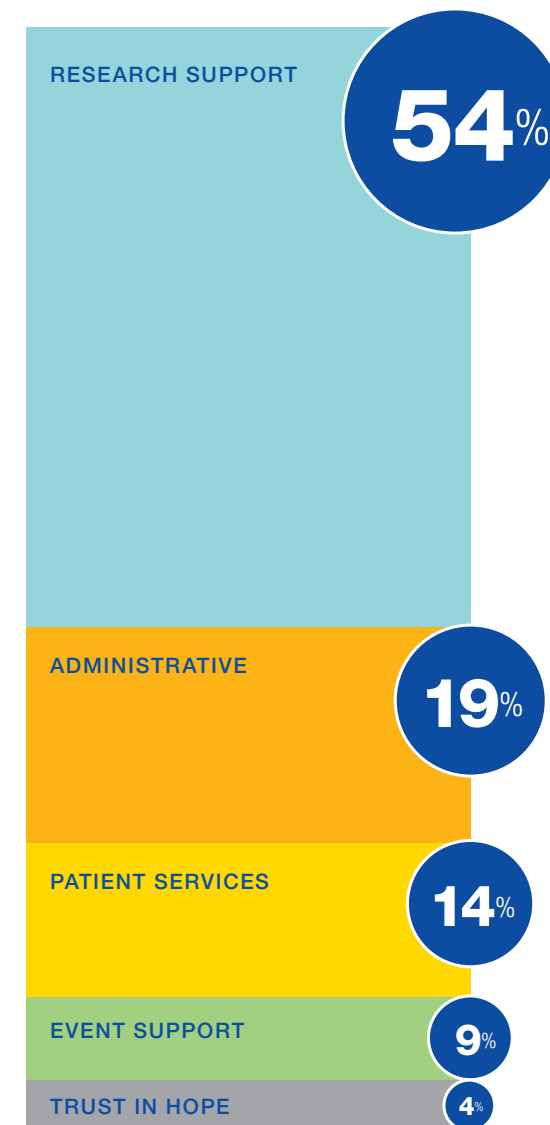

Greg Gerstner, M.D.
Board President

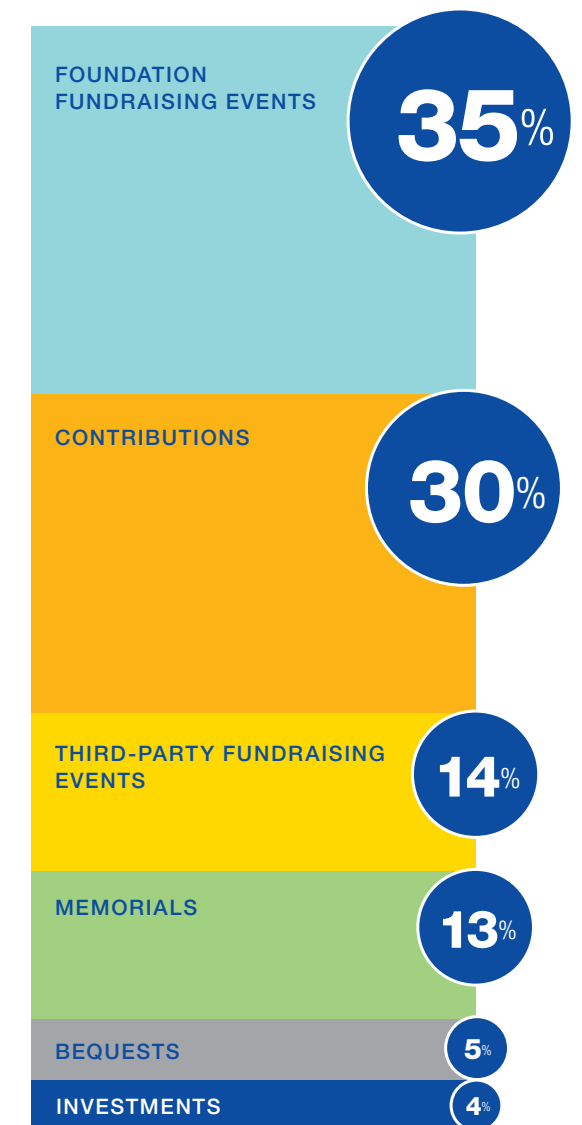

Tonda Thompson
Executive Director

VARA & TRUPTI HATTIANGADI
Volunteers & Fundraisers

VARA & TRUPTI HATTIANGADI She may just be a teenager, but Vara is no stranger to Illinois CancerCare. Her mom, Trupti, is a clinical research associate helping patients through their clinical trials experience, and Vara is a volunteer for the Foundation. When the pandemic put a stop to in-person support, she launched a fundraiser on social media for Trust in Hope, raising \$525 to buy holiday meals and gifts for patients and their families.

"As a family, we value philanthropy and contributing to our community," Trupti says. "It brings meaning to our lives, and we've tried to instill that lesson in our kids." Clearly, it's working — and Illinois CancerCare patients are the beneficiaries.

MARY REMMERS A 17-year cancer survivor, Mary's given back to the Foundation as a volunteer since 2006. "It's not always about money but about time. You don't realize how valuable your time is to others and how much they enjoy the time you give them." After her son, Ronald, succumbed to esophageal cancer, Mary upped her commitment, making a financial donation each month in his memory. "I may not have a lot of money, but I'm going to share what I have with Illinois CancerCare."

MARY REMMERS
Volunteer & Monthly Donor

TRUST IN HOPE Cancer treatment places big demands on many patients, and that can make getting through the holidays an especially challenging time. Funded by contributions to the Foundation, and made possible by hard-working volunteers, the Trust in Hope program provides Thanksgiving meals and holiday gifts (complete with wrapping supplies) to patients and their families.

In 2020, thanks to Vara's fundraiser and other generous donors, we provided 380 Thanksgiving meals and holiday gifts for 70 children, all hand-delivered by 50 volunteers.

ANGELA McCUBBINS
Patient & Fundraiser

JULIA ADAMS
Annual Donor

JULIA ADAMS Her mom was diagnosed with a gastrointestinal tumor in 1985, when Julia was two years old, and died in 2018 after the cancer recurred. Despite three decades spent in and out of Illinois CancerCare, Julia says her mom's experience was positive. "She was so grateful to see my sister and I grow up." Today, Julia donates annually to the Foundation in her memory. "As an adult, it became clearer to me what Illinois CancerCare did for her. Because of that, I got to have my mom around longer."

ANGELA McCUBBINS An avid sewer, quilter and all-around crafter, Angela began donating the proceeds from the sale of her creations to the Foundation in 2018 in memory of her father-in-law, who was treated at Illinois CancerCare. When the pandemic hit, she turned her skills to mask-making, raising \$3,200 for the Foundation.

The gift was even more personal by then. In 2019, Angela was diagnosed with chronic myelogenous leukemia. Her physician is Dr. Greg Gerstner, son of the man who treated her father-in-law. "Clearly, this is where I belong. Learning about all they do, and that it's all right here in our community, made me even more passionate about giving back."

TOMORROW'S TREATMENTS, TODAY On any given day, you'll find hundreds of Illinois CancerCare patients at various stages in their cancer journeys participating in clinical trials.

These studies aren't just the final step in bringing tomorrow's drugs and therapies to market. For many of today's patients, they're life-savers, life-extenders and quality-of-life-enhancers. And they're available right here at home because of your financial support.

stronger together

COACH REDEKER

Cancer Survivor, Volunteer & Executive Board Member

KARRIE REDEKER She discovered she had breast cancer days after her team, the Illinois Central College Cougars, learned they were playing in the national tournament. Beating the disease became Karrie's personal game to play over the next year, but she was never alone. The team took on the motto "Stronger Together" and rode it to a #1 ranking and a 32-game winning streak. Along the way, they hosted a cancer awareness game, winning on a last-second shot and raising more than \$4,000 for the Foundation.

Now Karrie's joined the Foundation board and is mentoring others battling breast cancer. "Giving can be money, but it can also just be support and prayers and love."

BOB & EVELYN BECKER

Event Sponsors & Fundraisers

BOB & EVELYN BECKER

For more than two decades, the Morton Lady Potters have dedicated one game a season to cancer awareness and fundraising. At first, proceeds from "Pink Nights" went to a national organization, but in 2017, Coach Becker and his wife, Evelyn, decided to switch to the Foundation, with the event contributing more than \$23,000 to date. "We wanted to give back to somebody doing good, direct work in Central Illinois. We're excited that 100% of the money stays local."

\$4^K

\$4,000 provides a blanket warmer unit for one of the treatment pods

PATIENT COMFORT During the cancer awareness game, the ICC basketball team took donations for three-pointers made and charges taken, along with other contributions. The money raised purchased a blanket warmer for the B Pod treatment room at the Peoria clinic. "They do such a nice job of making you feel comfortable," Karrie says. "This is just another nice touch."

victory party

PAINT FRANKLIN PINK One of Jen’s fellow teachers at Franklin Primary School in Peoria started the “Paint Franklin Pink” fundraiser in memory of her mom. Jen got involved in the effort soon after and began directing the proceeds to the Foundation when she was diagnosed with breast cancer. Over the years, students have purchased pink bubblegum and lemonade to raise funds. Students in the sewing club also made blankets and visited the Peoria clinic to pass them out to patients.

\$10^K

\$10,000 funds education on the importance of early cancer detection

\$4,000

LEARNING FOR LIFE It’s no secret that the earlier cancer is detected, the greater a patient’s chances are for survival. But not everyone knows what to look for or has the resources to take part in the necessary screenings. That’s why an important part of the Foundation’s mission is education — and why we’re focused on outreach in the community to give every patient a better chance at life.

HOLLY WIRTZ**

\$30

JEN & BRAD ROZBORIL For Jen, a breast cancer survivor, milestones are huge. On her one-year “cancer-free” anniversary, she and her husband, Brad, and their son, Alex, hosted a party to celebrate and made it a fundraiser for the Foundation. That first year, Brad also contributed \$100 to the Foundation as a tribute to Jen — a gesture he repeats annually, raising the amount by \$100 each year.

“I don’t think people understand that we are so lucky to have Illinois CancerCare here,” Jen says. “My mission now is telling them.”

toasting life

UFS This central Illinois shopping destination marked its 66th year in business in 2020. For Gerard Wiegand, UFS's owner, and Jimmy Carter, a longtime employee and prostate cancer survivor, the key to success is giving back to the community. The list of ways UFS supports the Foundation goes on and on: CUREtini, Golfin' in the Wild, Pints for Prostates and Walk the Block Mardi Gras, just to name a few.

Gerard doesn't keep track of the dollars raised. "We don't care what the number is — we just appreciate the relationship. We're doing some good in our little part of the world, and we're having fun doing it. If you can't have fun, what's the point?"

PINTS FOR PROSTATES As a prostate cancer survivor, UFS's Jimmy Carter has a special connection to this event, and he's proud that 100% of the proceeds go toward prostate cancer research. He and the UFS team work with suppliers to keep costs for the event as low as possible. "We try to get everything donated, so more money goes to the Foundation."

\$100,000

\$50^K

\$50,000 covers the cost of prostate cancer detection and genetic testing for families

\$10,000

FUNDING PEACE OF MIND

For those with a family history of cancer, genetic testing can provide peace of mind by ruling out a genetic link or allowing those who are predisposed to take action.

Many insurance plans pay for genetic testing, but your contributions to the Foundation help cover the costs when they do not — ensuring every patient who wants to be tested has the opportunity.

TERRI & STEVE BALDI Terri is a giving soul, her husband, Steve, is quick to say. “She’s a very compassionate person. She gives back out of the goodness of her heart, and that often translates into monetary support.” That became evident during Terri’s 10-year cancer-free anniversary celebration. Steve asked the couple’s friends to contribute to CUREageous, an event close to Terri’s heart. (She served as co-chair one year and spent eight years on the planning committee.) They stepped up to raise a grand total of \$83,000 in her name.

“I believe in the cause,” Terri says. “When I saw some of the young families touched by cancer, I couldn’t help but get involved. We’re so lucky to have Illinois CancerCare in our community.”

\$100K

\$100,000 gives 20 patients a chance at life through a fully funded clinical trial

soul food

DISHING UP HOPE Cooking meals for patients in treatment, providing rides to the clinic and volunteering for Trust in Hope are just a few of the ways Terri gives back.

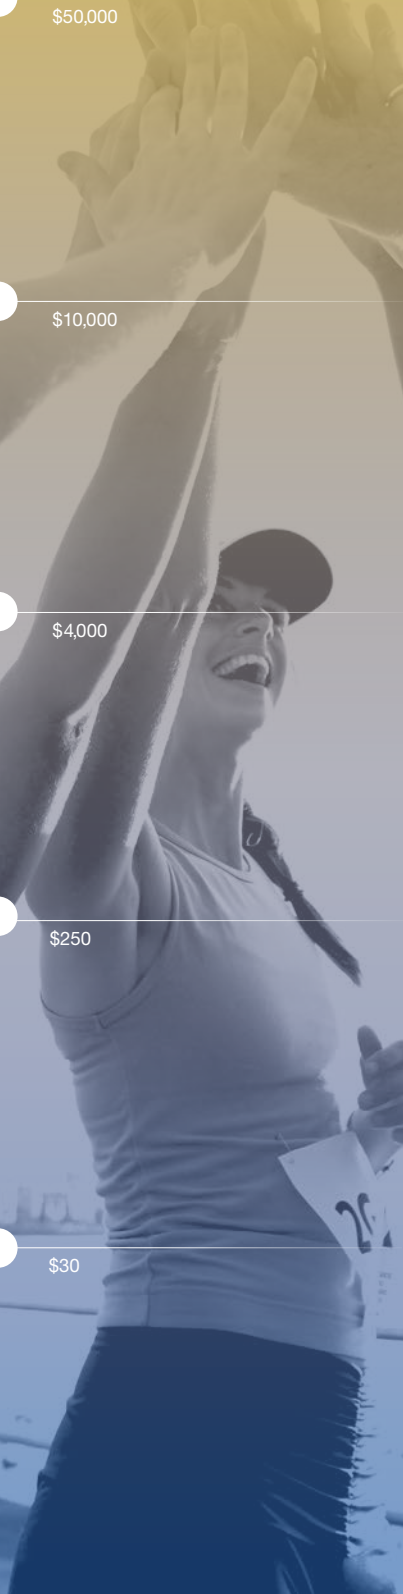

TERRI & STEVE BALDI
Cancer Survivor, Volunteer & Fundraisers

FILLING THE FUNDING GAP

The cost of clinical trials exceeds the amount that Illinois CancerCare receives from the National Cancer Institute by more than \$400,000 each year.

Your contributions to the Foundation help fill this gap, enabling patients at all 14 of our clinics to take part in these critical research efforts close to home.

our giving community

In 2020, 3,553 donors made 4,911 financial gifts to the Foundation. These generous donations, plus dollars raised through events, resulted in a total of \$793,171 to support cancer research, education and patient services.

Real Estate

SPONSORSHIPS

- Corporate Sponsorships
Foundation Event Sponsorships
Third-Party Event Sponsorships

OUR MISSION

The Illinois CancerCare Foundation is committed to funding Research, Education, Patient Support and Assistance for a disease which affects 1 in 3 people. As we fight to find cures for many types of cancers through nationally recognized research initiatives, it is our strong belief that our patients must have available to them every possible weapon in their battle. The Illinois CancerCare Foundation seeks charitable support from throughout central and western Illinois to accomplish these objectives.
